What you can expect from your CVAA Case Manager in the Choices for Care Program

Help to understand the eligibility criteria and options available to you through the Choices for Care program.

Assistance to you and your family in navigating the application process for Long Term Care Medicaid to help finance your participation in Choices for Care.

Assistance obtaining durable medical equipment or home modifications to keep you safe and comfortable in your home.

Advocacy and coordination of services with other agencies and providers.

A monthly visit in your home to monitor services and assess your strengths, needs and eligibility for additional benefits and services.
